

QUALITY CHILDCARE

is available for our Military families.

Children, Youth & Teen Programs of Marine & Family Programs, Marine Corps Community Services, offers affordable and professional childcare for our military families, whether at one of the Child Development Centers or in a Family Childcare provider's home on Camp Lejeune.

Authorized childcare providers will:

- Show Letter of Authorization
- Have an authorized Family Childcare Provider sign posted in the window
- Ask the parent to give them the "Provider's Packet" and show your white registration card received from the Children, Youth and Teen Program's Resource & Referral Office

Bottom line: Any authorized provider will be able to show you their authorization forms/licenses to perform childcare in their home. For off-base childcare information, please contact the Onslow County Partnership for Children, 910-938-0336 or visit www.onslowkids.org.

Please register your child at the Resource & Referral office, located in Tarawa Terrace II Child Development, Bldg, TT-113, Iwo Jima Blvd. Call 910-450-0553/0554/0555 for more information. To save time, the registration packet can be found online at www.mccslejeune.com/cytp.

It's your choice, your child, their future.
