

## ANNUAL FINANCIAL COST OF DRINKING & DRUGGING

1. How much do you spend buying beer, wine, liquor, speed, coke etc.? (i.e. How often do you buy it/ Where? In what quantity? e.g. \$2.00 each weekday to split a six pack after work, plus 2 six packs for the weekend and a monthly fifth of liquor)

$\$2.00 \times 5 = \$10.00 \times 52 \text{ weeks} = \$520.00$   
 $\$4.00 \times 2 = \$8.00 \times 52 \text{ weeks} = 416.00$   
 $\$5.00 \times 12 \text{ months} = 60.00$

---

\$996.00

2. How much is your bar tab? How often do you go to bars or clubs? What is your typical tab? (e.g. every other week \$25.00;  $\$25.00 \times 26 = \$650.00$ )

3. Expenses related to drinking and socializing at bars: (e.g. tips for the bartender, waitress, dancers etc.  $45 \times 26 \text{ biweekly} = \$130.00$ )

|   |          |
|---|----------|
| Buying rounds   | \$ _____ |
| Buying drinks for girls or guys   | \$ _____ |
| Dinner, presents, flowers, motel room for girls, guys                       | \$ _____ |
| Extra meals, munchies that would have been skipped if not partying          | \$ _____ |
| Extra smoking, chewing or dipping used because of drinking                  | \$ _____ |
